

Town of Vienna, Virginia Police Department Media Information Release

Two Subjects Assaulted at Meadow Lane Park

On June 7, 2008 at approximately 11:30 p.m., units from the Town of Vienna Police Department were investigating a report of suspicious activity on Johnson Street SW. During the investigation, officers encountered a subject with a laceration. Fairfax County Fire and Rescue was summoned and transported the individual to Inova Fairfax Hospital. The injury was determined to be non- life threatening.

While on the scene investigating the suspicious activity, the Vienna Police Department received several calls reporting a fight involving a large group of young adults and juveniles at Meadow Lane Park. Meadow Lane Park is in close proximity to Johnson Street, SW. When officers arrived on the scene of the fight, they discovered another individual with a non- life threatening laceration. Again, medical treatment was summoned and the individual was transported to Inova Fairfax Hospital. Both subjects have since been treated and released.

At this time the case is still under investigation due to the large number of witnesses and involved parties, however several subjects have been positively identified.

The Vienna Police are interested in speaking with anyone that might have any information regarding this case. Please phone Detective Scott Leroux of the Vienna Police Department's Criminal Investigations Section at 703.255.6332 if you have any information about this incident.
