

## ELECTION

### TOWN ELECTION MAY 7

The Vienna Town General Election will be at the Community Center on May 7. Registered voters will elect a mayor and three councilmen.

Residents out of Town during the election may vote absentee. Go in person to the registrar's office at 4101 Chain Bridge Road in Fairfax, no later than May 4 and ask for an application for a ballot. The application may be completed, the ballot obtained and marked in one visit to the registrar's office.

#### KATHY SAYS...

You may wish to keep Vienna beautiful with flowers and gardens. If you do, take these tips from Kathy: --The average last frost for this area occurs before May 1. Plant tender flowering plants and vegetables such as snap beans and corn after that date. Hardy plants and vegetables such as radishes and beets may be planted now. Plant vegetables at two or three week intervals to prolong harvest season.

-- Forsythia and other spring blooming shrubs may be pruned after blossoms fade.

-- Tent caterpillars will begin to appear soon. Control them while they are small. Either prune off and destroy the nest or spray area with Sevin.

#### JAMES HARRIS REAPPOINTED TO COMMISSION

James O. Harris, 529 Malcolm Road, was reappointed to the Planning Commission for a five year term.

His new appointment extends his post with the Commission to 1979.

#### VANDALISM

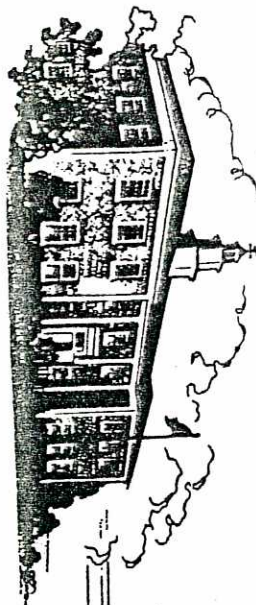

##### Destroying Restoration Chances

"It is not only the private sector that is getting vandalized," said Harrell. "Town property is hard hit. Our parks are constantly being repaired; town vehicles are abused and even Town Hall has been vandalized. It is amounting to a substantial cost to Vienna tax payers."

The commercial businesses in Town have also reported wide spread vandalism.

"I would hate to believe that Vienna cannot proceed with restoring old buildings and establishing museums because some parents are just too disinterested in their children to care," Harrell said.

**A Little League "dug-out" at Glyndon Park was completely destroyed recently for the second time. The police are working on the matter. If the vandals can be identified the parents are going to have to pay for the restoration, Harrell said. State law makes parents financially liable for their children.**
