GROUP LONG TERM CARE INSURANCE PROGRAM

Seven in ten of us will likely need some kind of long term care as we get older¹

Why add long term care insurance to your employee benefits?

The need

Long term care insurance enhances Virginia Retirement System's benefit offerings by meeting a largely unrecognized need many of us may have. It pays for covered expenses for long term care services whether they are received at home, in the community or in a nursing facility. Here are a few points to consider:

- 7 in 10 of us will likely need some kind of long term care as we get older.¹
- These expenses aren't covered by either our disability or health insurance.
- Relying on government programs may not be a viable solution.
- Without insurance, the costs of these services may have to come out of our savings.

The cost

Today, a private room in a Virginia nursing facility averages \$73,000 a year and costs are rising. Since typical stays can average three years, a long term care situation could cost hundreds of thousands of dollars, particularly if the cost of care continues to increase.³

The opportunity

As a newly hired employee, you can now buy this coverage at competitive group rates with no medical underwriting for the first 60 days of your employment date.

What are your basic choices?

Step 1: Choose a Monthly Benefit

This is the maximum amount you'll be reimbursed each month for covered long term care expenses. You have 3 available choices:

Monthly Benefit Choices	Will Reimburse Up to This Amount For Covered:		
	Home Care	Assisted Living Care	Nursing Facility Care
\$ 3,000/month	\$ 1,500/month	\$ 3,000/month	\$ 3,000/month
\$ 4,500/month	\$ 2,250/month	\$ 4,500/month	\$ 4,500/month
\$ 7,500/month	\$ 3,750/month	\$ 7,500/month	\$ 7,500/month
Virginia cost of care ²	\$ 3,432/month	\$ 3,599/month	\$ 6,083/month

(continued)

Step 2: Select Your Total Coverage Amount

This is the total amount of money available to pay covered long term care expenses for the lifetime of your coverage. You have several choices available to you – depending on the monthly benefit you selected.

Monthly Benefit Choices	Total Coverage Choices		
\$ 3,000/month	\$ 72,000	\$108,000	\$180,000
\$ 4,500/month	\$108,000	\$162,000	\$270,000
\$ 7,500/month	\$180,000	\$270,000	\$450,000

Step 3: Choose a Benefit Increase Option

This program offers 3 Benefit Increase Options to help you protect against the rising cost of care:

Buy More Coverage Over Time

Every three years, as long as you're not in claim status, you'll be offered the chance to buy more coverage without answering any medical questions. The premium for the increase will be based on your age at the time you increased your benefits. If you decline the increase two consecutive times, future offers will not be made.

Automatic 3% Increase for Life - Compound

Your Monthly Benefit and Total Coverage will automatically increase by 3% compound every year, with no additional increase in your premium.

Automatic 5% Increase for Life - Compound

Your Monthly Benefit and Total Coverage will automatically increase by 5% compound every year, with no additional increase in your premium.
