Rain or Shine! Credit Card, Cash or Check

Hill House Native Plants- Hill Houses Farm & Nursery

Hill House specializes in high quality native plants for habitat creation. Plants include flowering perennials, native shrubs and vines, small trees and fruit bearing plants. All plants offered are chosen for their aesthetic qualities, durability, vigor and wildlife benefits.

Herb Land

A local Virginia family run business over 30 years specializing in many types of culinary and medicinal herbs and scented geraniums. Herbs enhance the home landscape by providing color in the landscape through foliage and flowering as well as for their edible qualities.

Robin Ballou

A two year resident of Vienna, she is starting a new initiative in the town called Safe Yards Vienna. Robin is passionate about educating the public of the health effects of the chemicals lawn companies spray on our patches of grass to keep them looking green. Learn how to make your lawn an oasis for wildlife and the threatened bee population that is so vital to our food supply.

Kristina Clarin

NoVa Water Conservation District (NVSWCD) Urban Conservation Specialists

She will promote the Virginia Conservation Assistance Program, which provides funding and technical assistance for rain gardens, native plant landscaping and other projects for homeowners, places of worship and HOAs. She will also bring information about rain barrels and other NVSWCD programs.

Steven Youssef

Steven is a Vienna resident specializing in bee keeping and organic soil amendments specifically vermiculture (worm) composting. He will have an observation bee hive on site and compost tea for sale for use in vegetable, flower and container gardens.
